

2020 to Exhibit End-to-End Software Solutions at AWFS Fair 2021

Westford, MA, USA, June 24, 2021– 2020, the world’s leading provider of applications and enterprise solutions dedicated to interior design, space planning and furniture manufacturing, is excited to announce their participation in this year’s [AWFS Fair](#) in Las Vegas from **July 20-23 at Booth 3669**.

They will showcase their end-to-end software solutions, including [2020 Insight](#) and [2020 Maker](#), which are manufacturing solutions for cabinet, furniture, and architectural millwork manufacturers of all sizes. They will also promote [2020 Design](#), their kitchen & bathroom design software, as well as [2020 Ideal Spaces](#), the online engagement solution for enterprise-level home centers, retailers and manufacturers.

2020 will also be featured at the AWFS Rapid Fire Presentations on July 20th from 10:30- 10:45 AM to discuss how to secure a successful software implementation and how to avoid common pitfalls. The focus will be on project scoping, team structure and management of expectations.

“We’re looking forward to returning to the AWFS Fair this year to showcase our line of end-to-end software solutions,” says 2020 Marketing Director Karen Curtis. “We hope to connect with woodworking manufacturers and design professionals who are as passionate about the industry as we are.”

About 2020

2020 helps professional designers, retailers and manufacturers in the interior design and furniture industries capture ideas, inspire innovation and streamline processes. By providing end-to-end solutions and the world’s largest collection of manufacturers’ catalogs, 2020 provides businesses with the software and content to be more efficient, integrated and productive. 2020 applications allow professional designers to create kitchens, bathrooms, closets and commercial offices which look as stunning on the screen as they do in reality. 2020 helps retailers to inspire the imagination of their customers and provide an on-line design and shopping experience for home projects. Our solutions for furniture and cabinet manufacturers deliver a complete manufacturing operations management capability to run their factories at maximum efficiency.

Founded in 1987 and headquartered in Westford, MA, USA, 2020 employs over 500 people, has direct operations in 11 countries, and supports customers in many more locations around the world through a network of value-added resellers.
