

# 2025 BIOMASS BLOCK

The circular economy is a hot topic within the wood industry. That’s why AWFS®Fair is introducing the Biomass Block for 2025! AWFS®Fair attendees include industry uses such as **pure wood** and **mixed wood** which are prime for turning waste into **biochar** or energy. The **NEW** Biomass Block Journey coupled with a targeted marketing program will connect biomass equipment with exhibitors and attendees at the Fair.

### THE BIOMASS JOURNEY

- Participating companies will be included in the “Biomass Block” where participating attendees will be directed to visit each exhibitor’s booth during the show.
- AWFS®Fair will provide each participating company a “green giveaway” to gift to attendees.
- AWFS®FAIR will implement a specific and comprehensive targeted marketing campaign to inform and encourage buyers to participate in the program.
