

2027 Pellet Tech

AWFS Fair is launching a new featured destination called PelletTech: Wood Pellet Manufacturing Pavilion—focused entirely on helping wood manufacturers turn waste into revenue. This pavilion connects equipment providers like you directly with qualified buyers—sawmills, cabinet shops, and manufacturers—who are actively looking for solutions to monetize their residuals. It’s not just booth space, it’s a targeted opportunity with built-in education and high-intent traffic.

PELLET TECH EXHIBITOR BENEFITS:

- Attendees will be directed to the Pellet Tech Exhibitors with signage, booth markers, various promotions before and during the event.
- AWFS®Fair will provide each participating company a “green giveaway” to gift to attendees.
- AWFS®FAIR will implement a specific and comprehensive targeted marketing campaign to inform and encourage buyers to participate in the program.
